Document No.

This instrument drafted by the Town of Genesee Staff

 Parcel identification number:
 GNT 1491-038

THIS AGREEMENT is made and entered into this 13 day of August 2025, by and between the Town of Genesee, and James Borkowski, an individual, corporation, or partnership, with a mailing address of W286S3643 Snow Goose Trl Waukesha, WI 53189 hereinafter, the "Owner". We hereby acknowledge that application is being made for the installation of a Grease Trap/Holding tank(s) as a private wastewater treatment system on the following described property:

W286S3643 Snow Goose Trl Waukesha, WI 53189

LOT 3 BLK 6 HICKORY HIGHLANDS ADDITION NO 1 PT NW1/4 & SW1/4 SEC 13 T6N R18E DOC# 2642123

or that continued use of the existing premises requires that a holding tank be installed on the property for the purpose of proper containment of sewage. We also acknowledge that said property cannot now be served by a municipal sewer or any other type of private onsite wastewater treatment system as permitted under Ch. ILHR 83, Wis. Adm. Code, or Ch. 145, Stats., and that the property does not contain an area of soil suitable for any other type of private onsite wastewater treatment system as permitted by Ch. ILHR, Wis. Adm. Code.

Therefore, as an inducement to the County of Waukesha to issue a sanitary permit for the above-described property, we agree to do the following:

1. Owner agrees to conform to all applicable requirements of Ch. ILHR 83, Wis. Adm. Code, relating to grease traps/holding tanks. If the Owner fails to have the grease trap/holding tank properly serviced in response to orders issued by the Town of Genesee and/or Waukesha County and/or State of Wisconsin to prevent or abate a human health hazard as described in Section 254.59, Stats., the Town of Genesee may enter upon the property and service the tank or cause to have the tank serviced and charge the Owner by placing the charges on the tax bill as a special charge for current services rendered. The charges shall be assessed as prescribed by Section 66.0627, Stats.
2. Owner agrees to pay all charges and costs incurred by the Town of Genesee for inspection, pumping, hauling, or otherwise servicing and maintaining the grease trap/holding tank in such a manner as to prevent or abate any nuisance or human health hazard caused by the grease trap/holding tank. The Town of Genesee shall notify the Owner of any costs which shall be paid by the Owner within thirty (30) from the date of the notice. In the event the Owner does not pay the costs within thirty (30) days, the Owner specifically agrees that all the costs and charges may be placed on the tax roll as a special charge for the abatement nuisance or

any human health hazard, and the tax shall be collected as provided by law.

3. The Owner, except as provided by Section 281.48(3)(d), Stats., agrees to contract with a person who is licensed under Ch. NR 113, Wis. Adm. Code, to have the holding tank serviced and to file a copy of the contract or the Owner's registration with the Town of Genesee and Waukesha County. The Owner further agrees to file a copy of any changes to the service contract, or a copy of a new service contract with the Town of Genesee and Waukesha County within ten (10) business days from the date of change to the service contract. The Town of Genesee or Waukesha County may enter upon the property to investigate the condition of the grease trap/holding tank when pumping reports may indicate that the grease trap/holding tank is not being properly maintained.

4. This agreement shall be binding upon the Owner, the heirs of the Owner, and assignees of the Owner. The Owner shall submit the agreement to the Waukesha County Register of Deeds, and the agreement shall be recorded by the Waukesha County Register of Deeds in a manner which will permit the existence of the agreement to be determined by reference to the property where the holding tank is installed.

5. Owner shall install at the expenses of the Owner and to the satisfaction of the Town of Genesee or Waukesha County and all other approval authorities having jurisdiction, a grease trap/holding tank of adequate size for the collection of wastewaters from the subject property, and shall file a sketch of the subject property involved showing the location of the proposed grease trap/holding tank. Owner shall install any additional grease traps/holding tanks required for future capacity if necessary, and the Town of Genesee agrees to issue and assist Owner in securing all necessary approval and permits.

6. Owner agrees that in consideration for the execution of this Agreement, Owner shall conform to all of the rules and regulations, ordinances, and codes of the Town of Genesee, County of Waukesha, State of Wisconsin, in the consideration and maintenance of the proposed grease trap/holding tank and of any future grease traps/holding tanks.

7. The Owner shall deposit with the Town Clerk a cash bond in the sum of \$250.00 bond shall guarantee the Town of Genesee reimbursement or partial reimbursement for any expenses incurred by the Town of Genesee in abating any nuisance which may occur as a result of the permission by this Agreement for the Owner to install a grease trap/holding tank. The cash bond shall be maintained at all times, and if the monies are expended, the Owner shall replenish the cash bond and maintain the same constantly at the amount set forth herein. Upon the installation availability and connection of the property involved to public sanitary sewerage facilities, the cash bond shall be returned to the Owner.

8. The Town of Genesee Town Board has agreed that the Owner will be the responsible party to the State and further agrees to authorize the proper officials to sign an agreement with a private company engaged in and certified for the servicing of the holding tank.

DPW Report August of 2025

Submitted by Jeff Gryzkewicz

Brushing & Tree Work:

As overbrush along roads sides continued to grow in the month of August the department continued its brushing campaign. Main focus for August was Point Dr & Highview totaling approx. 5000 feet of right of way brushed back. Larger materials remain and will need to be cutback with crews at a later date. Our parks also were in need of brushing on our property lines as overbrush and limbs were encroaching turf and making mowing operations difficult. The crew cutback entire tree lines totaling approx. 1800 feet at Town Park and 1200 feet at Sunset Park by use of Mini excavator, Chipper, and pole saws. Smaller materials were then finished flailed by our mini excavator. Crews also trimmed back trees and both parks as well.

Crews also responded to the following downed trees during the recent heavy rains and are as follows. These trees and / or limbs were pushed off the road and later cleaned up by mini excavator and chipper.

- Hillside Rd
- Dable Rd
- Morris Rd
- Boettcher Rd
- Grush Rd
- Highview Rd x 2
- Holiday Rd

Road & Culvert repairs:

Crews consumed 16 tons of hot mix asphalt in August and were applied to the following roads

- Harvest View Dr / Mill & Pave edge of failed Road Approx 4 ton
- Carmarthen Ct / Mill & Pave Deteriorated Area of Road Approx 12 Ton

2 cross culverts were identified during recent rains in the month of August to be severely plugged and not functioning correctly (High Meadow Circle & Forest Hills Dr). These areas needed to be dug out and regraded to drain properly. Areas were located and corrections were made to ensure proper drainage. After grading was completed, an outside contractor was enlisted to pressure jet the cross culverts making them fully functional again. Crews then cleaned up areas and reseeded ditches to establish grass. For reference this culvert (See Picture) was completely buried by years of silt making water impassable.

A culvert failure at the intersection of Holiday and Fryatt Ct was also addressed. The culvert was rotten through and causing a large washout. Crew's cutback asphalt and removed an undersized 15in culvert and installed a 20in culvert. Final asphalt patch/ repairs will be made in September.

Parks:

Baseball has ended at both parks and Fall Soccer practice started in late August. Crews reset/ painted all soccer field lines and all fields are ready for fall season. Turf has slowed in the later part of August however during the month a steady weekly mow was required on all properties to ensure proper grooming. In addition, all mowers were given a blade sharpening and washes as well.

Weed control application 4 of 5 was applied to all properties by use of Gator / boom sprayer. This application is a selective herbicide and targeted all weeds and unwanted growth in turf. Also, all play grounds were sprayed for weed control as well for site preparation of wood chips in September. ASTM F-1292 compliance i.e. fall protection guidelines for playsets suggests 9 inches of chips to protect for fall protection of 10 feet. After auditing our playgrounds, it was determined that many spots were under the suggested depth of material needed. As such 50 yards of playground chips per park were delivered and will be spread in the month of September.

Ongoing issues with birds nesting in our Pavilions at Sunset Park was identified in our most recent park committee meeting. The group then suggested we install bird netting as a deterrent for nesting and unwanted messes in these areas. Both sides of the pavilion were outfitted with netting and thus far birds have not been able to nest keeping these areas tidy thus less labor to maintain.

Repairs & Maintenance:

Patrol Truck 33 was noted to have difficulty stopping when fully loaded. It was identified that a front wheel axle had developed a leak soaking the brake system in oil. Once this happens the brake pads are destroyed and require replacement. As such the department replaced both front axle hub bearing, seals, pads, and drums.

Patrol Truck 4081 needed replacement front plow lighting as older lenses and halogen bulbs were not adequately lighting the roads making plowing more challenging. These new plow lights are also heated ensuring full lighting throughout the duration of a plowing event.

All plow trucks have now passed DOT inspections and at the moment are ready for the upcoming snow season. Our wings and plow blades will be inspected in September/October to ensure they are fully functional.

Gifts and Donations

WTA receives a lot of questions about gifts and donations. Can we accept gifts? Can we make donations? Are there restrictions to follow if we do? This article will answer many of the common questions about gifts and donations that our office receives.

Q. The town board wants to host a holiday party for town employees. Is the board allowed to spend town funds on a party?

A. Yes. The town board sets the wages and benefits for town employees and may provide dinners or other parties as a benefit to town employees. With that said, any town board members or other elected officials who want to attend the event should pay their own way. Remember that all compensation for elected officials is locked-in for the current term of office and accepting free drinks or meals from the town would constitute unauthorized additional compensation.

Elected officials who are also town employees, however, may be able to accept a free meal or other benefit from the town as a benefit of that employment. A town board member who also serves on the town fire department, for example, may receive a free meal from the town because of their role on the fire department but not because of their role as a town official.

Similarly, town officials may attend events and receive benefits that are open to the public generally (whether hosted by the town or some other organization). Town officials may not receive gifts, meals, or anything of value because of their role as a public official, but they may receive the same benefits that are available to the public generally. Therefore, public officials may accept meals or refreshments at public events that anyone else could also receive.

Q. Can the town board give holiday bonuses or gifts to town employees?

A. Yes. The board may give bonuses and/or gifts to town employees for the same reason that the board may host a party for them. The board has the authority to set the compensation and benefits for town employees, including bonuses and/or gifts.

Q. Every year the town board is asked to make a donation to a local non-profit organization. We know they will put the money to good use. Is the town allowed to make donations?

A. Towns generally may not make unrestricted donations, but there are some fairly narrow instances where donations are allowed for specific purposes if authorized by the town electors. See Wis. Stat. §§ 60.10(3)(b) & 60.23(3). These purposes include: civic functions and agricultural societies; advertising of
